

PRESS RELEASE For Immediate Release

Oracular Announces Expanded Partnership with Oracle Corporation

Oracular, Inc. has extended its longstanding partnership with Oracle Corporation becoming a Certified Partner - Systems Integration and Reseller

OSHKOSH, WI 19-NOV-2008 To further enhance the value Oracular, Inc. offers its clients the company has entered into an agreement with Oracle Corporation to sell Oracle's J.D. Edwards family of products. In a complimentary effort, Oracular has completed a rigorous certification process to elevate its current Oracle consulting partnership level to earn the classification as a Certified Services Partner.

Oracular is now authorized to offer for sale the J.D. Edwards family of products to small and medium businesses (SMB), companies with less than \$500M in annual revenues, Oracle announced today. "As a business consultancy with a long tradition of delivering J.D. Edwards implementation services, we can now offer greater value to clients and prospects by simplifying the process through which they would normally select new or extended J.D. Edwards software solutions," says Paula Piotrowski, Vice President of Oracular's Central Operations.

"We are excited to have Oracular as an Oracle Certified Partner. The company has been a valued Oracle JDE focused partner for many years and with the CP certification, they bring value to Oracle customers by reselling JDE licenses in addition to their exceptional implementation services. In addition, Oracular is one of the few partners with Demand Scheduling Execution expertise," states Angela Sims, Oracle Partner Manager.

An Oracle Certified Services Partner is a select member of global business network of specialized companies who excel at delivering innovative consulting solutions based on Oracle software. Through access to Oracle's premier products, education, technical services, marketing and sales support, the Oracle Certified Partner program provides partners with the resources they need to be successful in today's global economy. Certified Partners are able to demonstrate superior product knowledge, technical expertise, consulting excellence, and a commitment delivering client success.

Oracular operates out of major offices in Oshkosh, WI – Milwaukee, WI Denver, CO – Minneapolis, MN – Detroit, MI.
